Inception

The business **started** out as a simple small business in **1950's**. Abdul Rasheed initiated his carpentry business, Rasheed Carpentry at his residence, M. Seenukarankaage. Back then, the business was all about **crafting and building styled furniture**, while working on a few other smaller areas like **crafting doors** and **working on domestic roofing projects**.

Mr. Ibrahim Rasheed joined the business in the late 1970s and the two brothers, Abdul Rasheed and Ibrahim Rasheed, with their visionary instincts of the **demand for construction services** in the Maldives, took the **strategic decision** to expand the services offered by the business. In **1980**, Rasheed Carpentry was registered as a local investment and in **1995** the local investment was registered as **Rasheed Carpentry Pvt. Ltd.** During the years that followed, Rasheed Carpentry Pvt. Ltd undertook **construction and related works** and quite soon, this area of business turned out to be the core of the business, especially in terms of generating revenue.

Turning point and evolution

In order to reflect this strength in the business name, the name of the business was changed to Rasheed Carpentry and Construction Pvt Ltd(RCC) in **2004** and the business established their corporate office at M. Maakuri. Abdul Rasheed and Ibrahim Rasheed, founders of RCC Pvt Ltd, laid a strong foundation for a diversified general constructing firm, distinguished by years of hands-on building experience. Since its founding, RCC Pvt Ltd has experienced and sustained a steady growth, reaching a turnover of **Rufiyaa 80 million** by the end of 2010 compared to **Rufiyaa 3 million in 2005**. The increase was also reflected in the staff numbers which moved from **60 to 341 in the five years**.

A trajectory of promise and excellence. RCC is your contractor of choice for peace of mind at every step of the way:

- Staff strength of **over 2000** with whole gamut of skillsets required for total construction solutions in the Maldives.
- Number of projects currently underway stands **at 91 – while 41** of those projects are located within greater Male' region.
- **Over 200+** projects completed with **speed and quality – history of trust and quality**. RCC's edge in the industry is also our recognition and profound brand value.
- As the **industry leader**, RCC is on continuous path of not only keeping pace with client expectations but leading the way.

OUR CORE VALUES

Our growing reputation for **excellence, confidence, resourcefulness** and **responsiveness** is the natural consequence of the **values that have guided our company** since its very inception. These include;

An **energetic enthusiasm** for what we do.

Sensitivity to the **needs of our customers**.

A **willingness** to accept total **responsibility**.

Craftsman like pride in knowing that what we build will **last for generations**.

Our Hallmarks:

- compliance with quality & safety standards
- meticulous project management standards

Our Mission

To strengthen the company's reputation for reliability among the construction industry in the Maldives and in this region, whilst remaining the company of choice in construction.

Our Vision

To be the most trusted, reliable, and high quality service provider of the Construction Industry.

BOARD OF DIRECTORS

**Mr. Mohamed Nazim**

CHAIRMAN

A Disaster Management Specialist and a National Security expert, Mr. Nazim is a former Colonel of the army, a former Minister and the current member of Parliament for Maafannu Uthuru Constituency.

Mr. Nazim has a lifelong connection with the family business, ever since his father the late Mr. Abdul Rasheed started the business in the 60s.

**Mr. Ibrahim Rasheed**

MANAGING DIRECTOR

With over a half a century of experience, Mr. Ibrahim Rasheed is one of the leading veterans of the construction industry of The Maldives.

As the co- founder of RCC, Mr. Rasheed is currently the Managing Director of RCC and manages the operations off he business, while remaining involved at the different levels of management, from project start to completion, on each and every project the company undertakes.

BUSINESS AREAS

STRATEGIC ALLIANCE

Maldives, being a country that is **not very rich on natural manufacturing resources**, mainly depends on **importing products** from other countries. As envisaged in our mission, we view our **business relationship** with our business associates as a **strategic partnership** in which we **coordinate** and **combine** our **efforts, contribution** and **commitment** to produce top results for mutual interests and benefits.

In this regard, we have **accredited business relationships** and understandings with all the **brands** which we have at **RCC Buildware** with the aim of **providing building solutions** to our customers.

We **combine quality materials** with **skilled workmanship** to create **durable** and practical wood **solutions tailored to your space.**

From modern storage designs to detailed ceiling finishes and strong roofing installations, our team ensures **precision, reliability, and a refined look** for both residential and commercial projects.

INTERIOR DOORS

CUSTOM CUPBOARDS

CEILING WORKS

ROOFTOP STRUCTURES

A photograph of construction workers on a building site. They are wearing blue long-sleeved shirts, dark trousers, and yellow hard hats. They are working on a grid of steel reinforcement bars (rebar) laid out on a concrete slab. The workers are positioned at various points across the grid, some standing and some crouching. The background shows a clear blue sky and the skeletal structure of a building under construction.
